The authors regret that the Acknowledgement that we used in the current form of the paper is no longer available for supporting the article processing charge. So, we kindly ask the editorial board to change the Acknowledgement as follow:

This work was supported by a Korea Institute of Energy Technology Evaluation and Planning (KETEP) grant funded by the Korean government (MOTIE) (No. RS-2023-00237679). Also, the authors extend their

appreciation to the Deanship of Scientific Research at Northern Border University, Arar, KSA for funding this research work through the project number “NBU-FFR 2025-2448-20”.

The authors would like to apologise for any inconvenience caused.

Sincerely,

Yun-su Kim
