

ISPSA 2024

The 21st International Symposium on the Physics of Semiconductors and Applications
June 2 - 6, 2024 / Ramada Plaza Jeju Hotel, Jeju, Korea

Energy Materials and Devices III

Room H (Tamna Hall, 8F)

June 3 (Mon.) / 17:00~18:30

17:00~17:30

[Invited]

Interlayer Engineering in Halide Perovskite Solar Cells

Jun Hong Noh*

Korea University, Korea

17:30~18:00

[Invited]

Design of Photoelectrodes for Efficient Solar Water Splitting

S. Lee*

Gwangju Institute of Science and Technology, Korea

18:00~18:30

[Invited]

Single-atom Catalysts and High-entropy Nanomaterials for Water Splitting

Ho Won Jang*

Seoul National University, Korea
